Australia Awards

Efforts (Action Plan Implementation)

- Looking for Government Support
- Looking for society support through organizations (Rotary, Lion and WIC)
- Looking for society support through organizations (Rotary, Lion and WIC)
- Coordinate with related departments & universities (Airlangga), Health Department Surabaya City
- Contact schools (Junior & Seminar High Schools)
- Develop training materials (working team of Perkumpulan Keluarga Berencana Indonesia (PKBI) (NGO) and guidance & counseling teachers)
- Empowered Community and Family Planning
- Training Healthy living habits at schools and society by sending Sebaya (Keluarga Berencana Indonesia) PKBI (NGO) members

Australia Awards

Results

- At least one teacher of the schools got health training
- The counseling of Healthy Living Habits
- Students got information about Reproductive health, narcotics, HIV / AIDS (20,3%)
- Training teachers become peer educators
- The availability of teenage home
- Centre of Information & Counseling for Adolescent

Australia Awards

Findings

- Mostly caused by lack of reproductive health and HIV/AIDS knowledge
- Taboo socio cultural evidence
- High AIDS stigma and discriminated
- It becomes an iceberg phenomenon because only 5 – 10% of HIV/ AIDS sufferers actually get diagnosed and treated.

Australia Awards

Discussions

- Counseling services by psychologists
- Sterilized injection needles service
- Give sexually transmitted programs voluntarily counseling test and behavior change intervention
- Inserting health program in school activities with the consent of the Surabaya City Mayor

Conclusion

- Optimizing the activities mentioned before.
- Activities should be sustainable, monitored and evaluated to decrease the member of the sufferers and to develop healthy life among the poors
